SEASON 4

TRAINING MODE

Activate cheats on your PC for the game:
- Go to C:\Users\XXXXXX\Documents\My Games\FarmingSimulator2019
- Open the game.xml file with a text editor
- Change the <development> element from "false" to "true"

1. Join any Tournament Client game as the BLUE CAPTAIN

2. Once you want to start the game, press CTRL+T to start the match
- if no red captain is available, the game will automatically choose for him and skip waiting times

3. InGame you can use the following shortcuts
- CTRL+B will spawn a bale directly in front of you
- CTRL+S will spawn a straw swath directly in front of you
- CTRL+F will fill the tank of the current vehicle/trailer you're using

4. You can initialize the drops for the match once you spawn inGame.
- press CTRL+# to set a normal drop (total of 4)
- press ALT+# to set the super drop (total of 1)
